and two
Postdoctoral Researcher positions (m/f/d)
(E 13 TV-G-U)

starting on 01.05.2023 for a fixed term of four years (docs) respectively five years (postdocs), located in Frankfurt am Main. The salary grade is based on the job characteristics of the collective agreement applicable to Goethe University (TV-G-U).

Building on recent scholarship in science and technology studies (STS), the Research Training Group "Fixing Futures" investigates how contemporary societies accommodate future developments and events. It explores "technologies of anticipation" focusing on economic practices, modes of government, and processes of life as the main research areas. The Research Training Group combines the disciplinary perspectives of cultural anthropology, human geography, sociology and related social sciences. English is the language of instruction. Here you will find more information on our [research programme](https://www.fixingfutures.eu) – please read this document carefully before applying (www.fixingfutures.eu).

Recruitment requirements are:

- a very good Master's degree (postdocs: outstanding doctorate) in STS, human geography, cultural anthropology, sociology or a neighbouring discipline;
- good methodological skills and research experience;
- a depth of knowledge in at least one research area (economies, governance, life);
- very good skills in spoken and written English;
- ability and willingness to work in a team;
- for the postdocs: excellent competences in research methods and theories in STS as well as publications in (inter-)national peer-reviewed journals;

The exact instructions for an application can be found in the following documents:
